

Greetings weather and climate enthusiasts!

It's that time of year, as the AMS Student Chapter at UW has once again collaborated with Jeff Renner from KING 5 to produce our **third** Washington Weather Calendar! The high-quality calendar features climatological information for Washington cities and photographs submitted by KING 5 viewers. AMS members wrote short blurbs, which are featured in the calendar, on different weather phenomena of interest to the Pacific NW.

We receive a portion of the calendar sales as a charitable partner and last year we supported 4 undergraduates to travel to the AMS Annual Meeting. This year, we are supporting more students as they travel to Atlanta. Additionally, ten percent of our proceeds will be donated to the Red Cross for natural disaster-related relief efforts. For more information about us, please visit our web page: http://www.atmos.uw.edu/uw_ams.

You can purchase the calendar in two ways:

Through the department T-shirt order [website](#) (Style: **calendar**, Color: **calendar**, Size: **calendar**)

Through the Conrad Group [website](#)

Those ordered through the department will be delivered to ATG to reduce shipping (you must bring payment to Greg in **ATG 522** by **11/19**). Those ordered through the Conrad group can be delivered anywhere, but will have higher shipping. To see a copy of previous calendars, feel free to stop by my office (ATG 626).
